Salamonie

Thunderbolt

Sixty-Five

There are two basic goals of a school yearbook. The first goal is to provide a pictorial history for the students of Salamonie Township School. The second goal is to acquaint the community with the daily life and activities of the students. We, the seniors and the annual staff, hope to accomplish these goals through the 1965 Thunderbolt.

Dedication

The annual staff of the 1965 THUNDERBOLT sincerely dedicates this yearbook to Mrs. Ethel Click. During our 12 years of school, we have learned to look to Mrs. Click for advice and help. By dedicating this yearbook to her, we are saying one big thanks to her for all her thoughtfulness and kindness.

Administration

Our Principal

I consider it a privilege to have a part in our country's educational system. It has weathered many crises in its short history and has recently been degraded by its counterpart in Europe. However, most true public educational systems in the free world are now being patterned after our system.

To quote Thomas Jefferson, "Education is fundamental to the preservation of freedom and self-government. A nation cannot be ignorant and stay free." It therefore becomes our paramount duty to instill in our students those qualities that make it possible to assume the responsibilities of a democracy.

May the school year pictured on these pages be a challenge to the underclassmen, an exercise in democracy to the seniors, and a reminder to parents and friends of the responsibilities of a free government.
